

Invitation

to an interdisciplinary conference organized by
the Department of Social Linguistics
L. Štúr Institute of Linguistics
Slovak Academy of Sciences

Instruments for Creating Social Reality Language - Discrimination - Society

October 21–22, 2021

Pálffy's Palace, Zámocká street 47
Bratislava, Slovakia

What is our aim?

We are searching not only for the basis of discrimination, but also for various interconnections, accompanying it, anticipating it or opening into it.

The main aim of the conference is to create space for discussion which reflects questions of language participation on creating social reality, on creating social and intersubjective relations with special focus on violating equality, human rights and freedoms. The ambitious of the conference is to interconnect the researchers in the Central European Region, especially the V4 countries.
